Jason,

If you have an appropriate scope of work for the AM, please include it in this document.

All of the rest of the AM language has been drafted by Harry and I. Feel free to review and redline.

If you can get this back to me by tomorrow morning, I will look at it again, then and we can work to get it final'd.

The only other thing I need is a site map/photo. The one in the old AM had an incorrect boundary around the site.

Also, if there are any other documents you want attached, please note.
